

**Product Description:**

ATF ECOMAT is a high performance fully synthetic fuel economy automatic transmission fluid specially designed for automatic transmissions for city buses.

ATF ECOMAT is formulated on high quality synthetic base oils in combination with an unique additive package to reach the following properties:

- Lower service cost through increased oil change interval.
- High level of anti-wear protection.
- Extended thermal- and oxidation stability.
- Limited viscosity increase
- Prevents acid formation and soft metal corrosion.
- Friction durability leading to good shift performance and drivability even at end of drain-interval.
- Avoid sludge formation that could lead to sluggish transmission operation.

ATF ECOMAT exceeds the following performance criteria:
